

Activate Learning

Engaged Students. Passionate Teachers.

Activate Learning Digital Products (ALDP) Requirements:

ALDP is web-based and does not require a local installation. It can be used on computers and tablets with the appropriate browser. If your browser does not meet the necessary requirements listed below, you may experience slowness and other issues when you try to use ALDP. For the best possible user experience, we recommend that you update your preferred browser to the latest version (*please note Internet Explorer is not supported*):

Supported Operating Systems:

- Windows
- Mac OS
- Chrome

Supported Browsers:

- Firefox
- Chrome
- Safari
- Edge

JavaScript must be enabled. You can check if your browser has JavaScript enabled here: <https://www.enable-javascript.com/>

Note: Speed and functionality may be limited with older browsers.

The following URLs must be white listed. This should include both HTTP and HTTPS protocols:

- iqwst.com
- activatelearningdigital.com

Minimum Requirements for Using ALDP:

- Internet access
- Recommend minimum RAM: 2GB
- Recommend minimum screen resolution: 1024x768 or higher
